JANUARY 2022

SAVE RHINOS, TO SAVE PEOPLE, TO SAVE TOMORROW

MESSAGE FROM CFW FOUNDER & CEO, PETRONEL NIEUWOUDT

I looked at this little grey body, struggling to breathe, struggling to just hang on to life with everything he can. Something inside me just broke and I felt immense hate to the people who took his Mom away from him and left him defenceless. In the same moment I also felt grateful for the people that saved him, and mixed with the sadness, I felt massive responsibility.

This is real - we at Care for Wild commit fully and will do everything we possible can to save these small, vulnerable and innocent, grey rhino babies but without the support from all of you, we would not be able to.

Aquazi is doing fine, Daisy is doing fine, Taro is doing fine, Shiloh, Willow, Jock, Napi and Dani are all doing fine. We will keep fighting the good fight. By the grace of God, thank you for your love.

RHINO NEWS

JOCK'S RESCUE (7 MONTHS OLD)

Whilst on an early morning game drive, Ranger Lazarus came across a young male calf walking alongside an adult bull. There was no mother in sight and finding this suspicious, he called the nearby JEMU team (Jock Environmental Monitoring Unit) to follow up. The JEMU team quickly validated concerns and called in SANParks Section Rangers Maurius and Neels. They confirmed that the adult bull had been shot through the jaw and that the calf's mother was most likely another poaching victim, although they had not yet found her body.

SANParks Head Ranger Cathy Dreyer responded immediately and accompanied by Veterinarian Dr Peter Buss, the bull was treated, and the young calf was flown to Care for Wild. As a slightly bigger calf, Jock was taken straight to the bomas and into a nightpen just next door to fellow orphans Eli and Apollo. It was unknown for how long Jock was without his mother but he had sustained several wounds to his legs, possibly from the bull rhino or maybe even from other predators.

Jock slept soundly for the night before meeting Eli and Apollo the next morning. The initial meeting went well, but Jock was still very weak and his wounds needed a lot of attention. Eli and Apollo were just too energetic for little Jock who was still in shock and recovering. Petronel made the decision to remove the cheeky duo and give Jock some time to rest.

The arrival of rhino calf Dani a few weeks later would see Jock make his first proper friend since his arrival. Dani was transferred from another wildlife rehabilitation centre where she was being cared for after her Mom was killed by poachers. Jock is still receiving daily wound care treatment and is healing well.

NAPI'S RESCUE (14 MONTHS OLD)

Napi was first sighted walking alone in the Skukuza area of the Kruger National Park (KNP) three days before his rescue. A rhino cow carcass was discovered close by and believed to be that of his mother.

Rescue teams continued to search for Napi after the initial sighting and once located, he was darted and flown to Transport Dam accompanied by Veterinarian Dr Lufunu Netshitavhadulu and Don English. Once there, he was driven to Malelane Gate where Care for Wild (CFW) met the SANParks team. Napi was given a final vet check before being loaded into our travelling crate ready for transportation.

Being an older calf, Napi went straight to the bigger bomas and was introduced to orphans Dianna, Benji & Willow. Dianna was the first to greet the new arrival and as always, offered reassurance and acceptance.

Napi instantly began to follow the older rhino and is now well integrated in the crash. Napi is still adjusting to his new life but with continued support from caregivers and of course, Dianna, he is beginning to bloom

Dianna, Napi & Benji

DANI'S STORY (7 MONTHS OLD)

Dani was just a few weeks old when she approached a vehicle on a private reserve and began to rub up against it. There was no mother in sight, and suspecting her to be dead, the calf was rescued and taken to Moholoholo Wildlife Rehabilitation Centre.

Wanting to give Dani the best chance of rewilding and release, she was transferred to Care for Wild Rhino Sanctuary on 25th January 2022.

As first, Dani was a little unsure of the other rhinos but with the encouragement of fellow orphan Jock, Dani began to settle. Jock is extremely relaxed and is a calming influence on Dani.

Dani is still adjusting to her new life but Jock's relaxed demeanour is a wonderfully calming influence on her. They spend a few hours a day playing with Shiloh and Aquazi and eventually the four calves will form one crash but for now, Dani and Jock are quite happy to snooze away the day in the sun.

Dani & Jock

AQUAZI UPDATE

Found alone at 4 weeks old, Aquazi was admitted with severe pneumonia and compromised lungs. After spending a month in the Intensive Care Unit, he seemed to be improving and made friends with fellow orphan Shiloh.

But recent changes to the weather and fluctuating humidity levels may have aggravated an underlying weakness and Aquazi began to struggle again. Aquazi required xrays, multiple blood tests, oxygen therapy and intravenous medications. Caregivers remained with him 24/7 to monitor him closely and give him the necessary care and comfort.

Thanks to an immense amount of commitment and dedication, finally Aquazi has turned a corner and although gets tiered quickly, he is back to playing with the other orphans. We are so thankful and so glad to see him happy again.

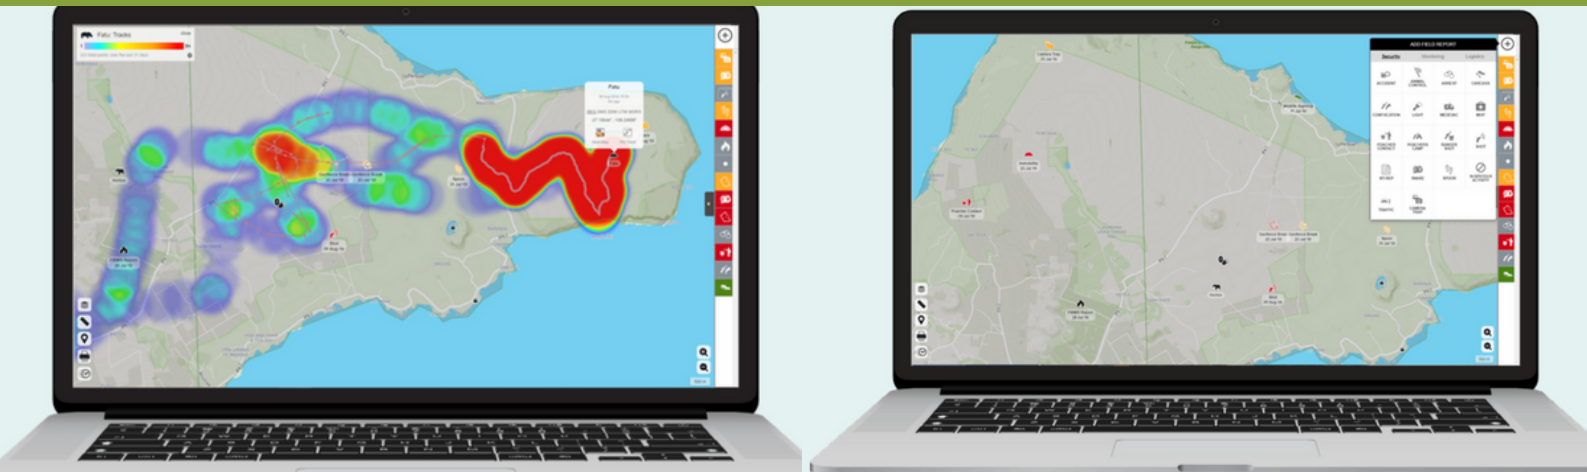

SPECIAL THANK YOU

COSTS**

SECURITY NEWS

images from EarthRanger website for concept purposes.
We are unable to display our data for security reasons.

TECH FOR CONSERVATION

Over the last few years, Care for Wild has been integrating more and more technological assets from cameras, sensors and GPS monitoring, to new software systems. We are continually developing the strategies that enhance the safety, security and management of the growing rhino population.

We are currently integrating EarthRanger into our management plan. EarthRanger is a software system that aids protected area managers, ecologists, and wildlife biologists in making more informed operational decisions for wildlife conservation. EarthRanger collects and displays all historical and available remote sensing data and combines it with reports from the field to provide one unified view of collared wildlife, rangers, enforcement assets, and infrastructure.

Our team attended the annual EarthRanger conference towards the end of last where conservationists from all over the world come together for presentations and workshops, to discuss new software developments, and liaise with users from all areas of wildlife protection.

EVERY DOG HAS HIS DAY

Care for Wild's K9 Unit is an integral element of our security and protection team. They are a force multiplier, highly trained and with specific skill sets for specific roles.

In a joint operation away from Care for Wild, the K9 unit had wonderful success this month.

Alpha is trained in tracking, detection and apprehension but it was Alpha's phenomenal detection skills that were in high demand.

Alpha successfully indicated the presence of weapons in a vehicle and the offenders were apprehended.

COOPER UPDATE

Cooper arrived at Care for Wild Rhino Sanctuary last year as a small, 4 month old puppy. The last few months have played an important role in his pre-training development.

Over the last few months, Cooper has been familiarising himself with his new surroundings whilst investigating all of the sights, smells and sounds of the sanctuary. As part of this desensitisation programme, he has spent a lot of time with the rhino orphans and is now very relaxed and confident around them.

Cooper has now been assigned his own handler and will begin a formal training programme. He is still young and so for now, the focus will be creating a strong bond between handler and dog, teaching basic obedience and developing the skills needed for the next stage of training.

COMMUNITY NEWS

FOOD PARCELS & JUNIOR RANGER VISIT

South Africa faces a great number of challenges every day. Unemployment; poverty; hunger and malnutrition are just some of these challenges. January can be a difficult month for all of us but particularly so in poorer areas.

In preparation for this, Care for Wild again delivered food parcels to those families most in need. Parcels comprised of maize and fresh vegetables to ensure the children and elderly received nutritional meals.

The Junior Rangers and All Girls Netball team also visited to play soccer together, receive a delicious lunch, read from the Siswati Bible and finished their day with a song about never giving up. This programme is so important for developing the children's skills and confidence as they realise their own potential, the beauty of the environment and the importance of protecting their heritage.

LOMSHIYO UPDATES

Lomshiyo Farming Project is an initiative between Care for Wild and the local Lomshiyo Community. The farming operation is doing well and received vast amounts of rain over the last 3 months. The crop of tomatoes, cabbages and butternuts were harvested and sold. The team continue to harvest green peppers and oca which are delivered to a local packhouse before being distributed to supermarkets countrywide.

The project is now preparing the land to plant spinach, butternut and cabbages again. The existing macadamia trees are growing well and there are plans to increase the macadamia trees to a further 8ha in 2022.

Thank you to the local supporters.

MEET THANDAZILE

The Lomshiyo Community Project supports youth employment; economic development; food security and improved nutrition; training and skills development; as well as creating opportunities for communities to full-fill their responsibilities as custodians of the environment.

Meet Thandazile Mabuza. Thandazile began as an Investec Intern and is now employed full time as the Lomshiyo Administrator. Thandazile handles all of the daily attendance and records daily production and sales.

By putting people at the heart of conservation and empowering local, rural communities with sustainable solutions to socio-economic issues, Care for Wild is ensuring that we conserve and protect biodiversity and South Africa's heritage, for future generations.

UK UPDATES

THE GROVE 

DARREN AND ANNA GOUGH INVITE YOU TO ATTEND A GALA DINNER AT THE GROVE ON THE 2ND SEPTEMBER 2022 IN AID OF CARE FOR WILD RHINO SANCTUARY

ABOUT CARE FOR WILD

The Care for Wild Rhino Sanctuary is located in the greater Barberton Nature Reserve which incorporates Mountainlands Game Reserve, situated in the beautiful heartland of Mpumalanga, South Africa. The Sanctuary was founded by Petronel Nieuwoudt, with the goal of providing care and rehabilitation to a wide range of animals. Due to the drastic increase in the numbers of rhino poaching incidents within South Africa, and an ensuing large number of orphaned rhinos, the need for a specialised sanctuary which would rehabilitate and eventually release back into the wild became necessary. Care for Wild Rhino Sanctuary works directly with local communities in creating sustainable solutions that provide training, educational opportunities and ultimately jobs. This leads to members of the community developing livelihoods and securing promising futures for their communities through conservation. The long-term sustainability of the CFWRs is ultimately through the creation of jobs and enterprises within the Sanctuary and surrounding communities, ensuring that the communities see tangible benefit in conserving the Sanctuary and Rhinos.

Table of 10 : £1,800 excluding VAT Individual tickets : £195 excluding VAT

Your guests will enjoy a sparkling drinks reception, followed by a delicious three course menu plus coffee and petit fours. Hosted by Darren & Anna Gough, you'll enjoy an evening of live entertainment to include traditional South African sounds, fundraising and a live auction. The founder of Care for Wild, Petronel Nieuwoudt will take to the stage to share her knowledge and experiences with guests.

Platinum Package: £2,400 excluding VAT

Attend the Gala Dinner with premium tables and a drinks package. You will have the best seats in the house and will have a VIP meet and greet with Petronel Nieuwoudt, the inspiration behind this great charity.

Sponsorship Packages:

Please reach out to see our sponsorship opportunities.

To book please contact events@theonlineassistants or call 07503 115491

www.careforwild.co.za

This event is organised by professional fundraiser AMG Consultancy Ltd. AMG Consultancy Ltd will receive fees of 20% of the net proceeds from the event.

US UPDATES

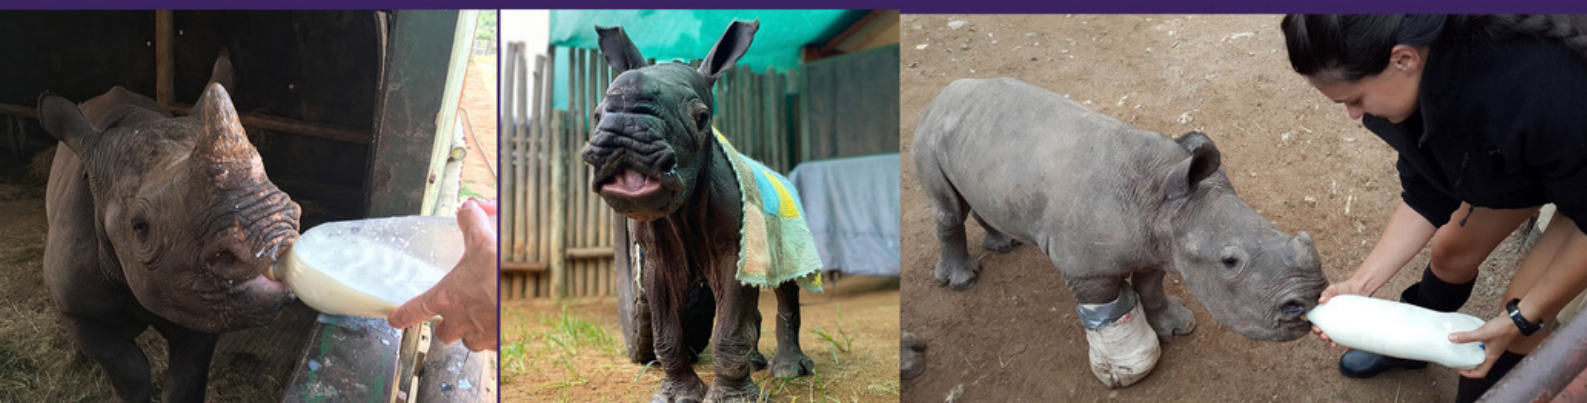

CARE FOR WILD CLUB DAISY MILK DRIVE

Dates: Every Tues, Weds, Thurs!

Location: Table out in the courtyard area!

**For more info on Care for Wild Club
Please email: ecaldwell@callutheran.edu**

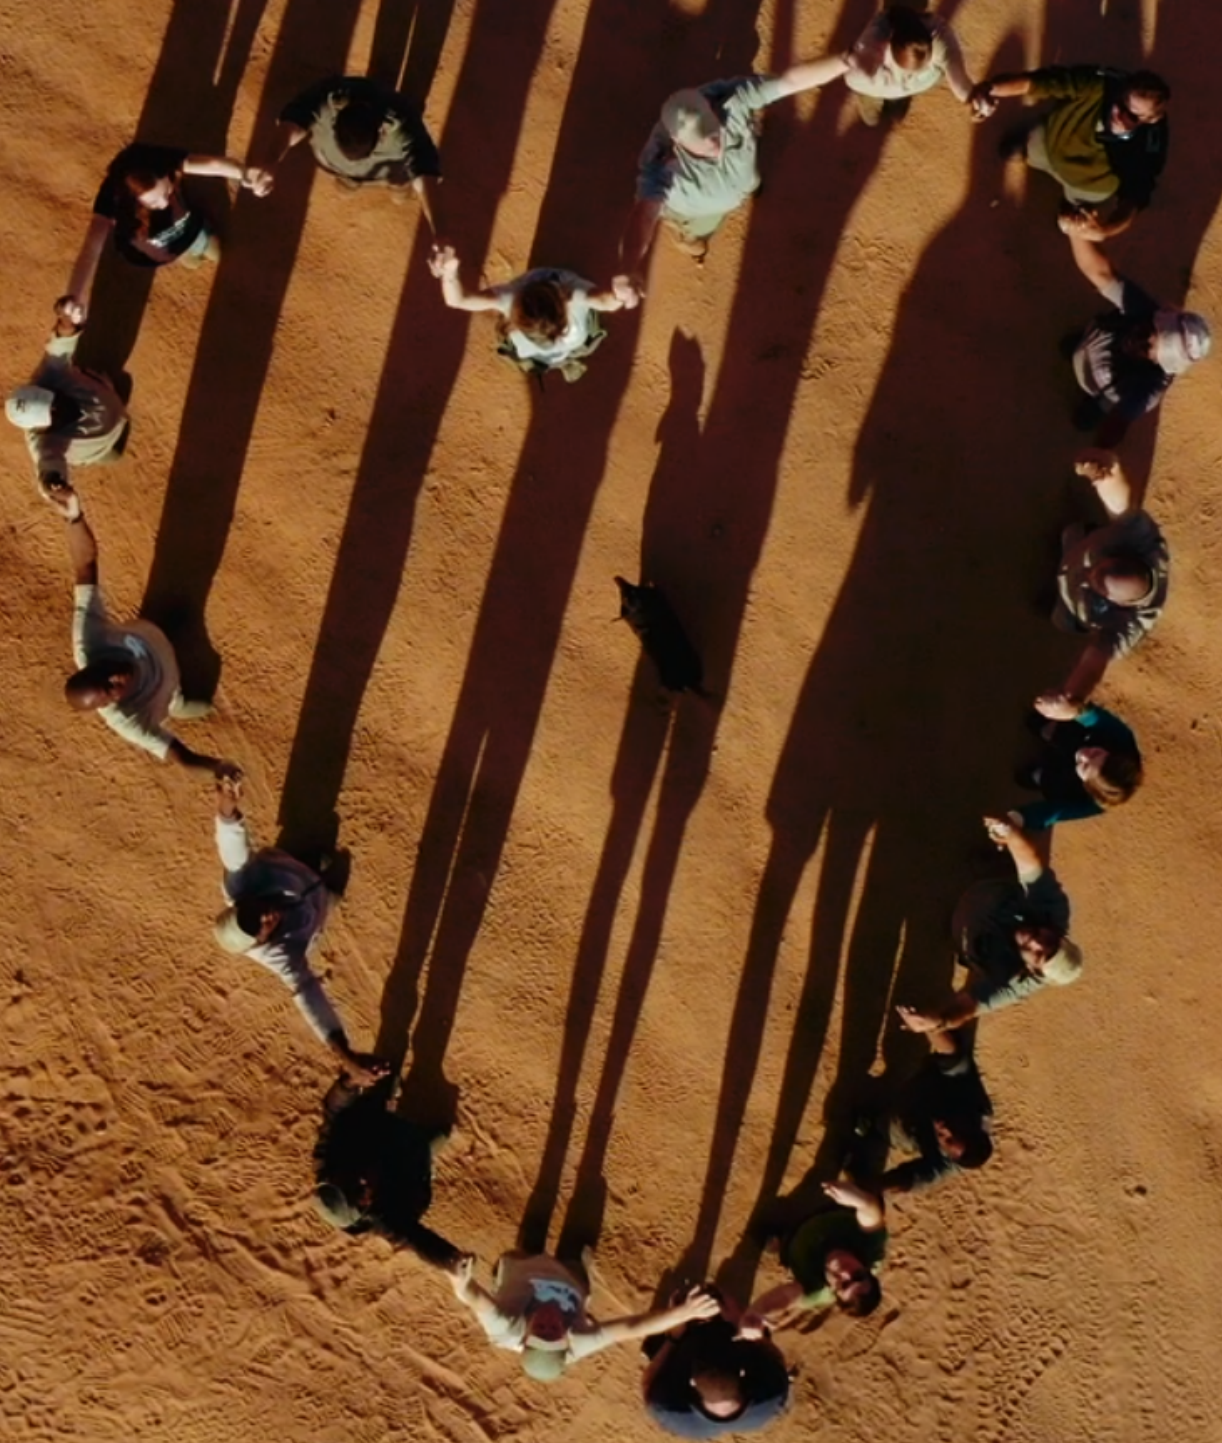

The Care for Wild Club at California Lutheran University has now officially launched and completed its first milk drive fundraiser! With urgency and concern for all the new admissions that Care for Wild received during the holiday season, the Care for Wild Club, was able to raise funds for about 2 bags of milk.

While Care for Wild Club will continue to do weekly fundraising efforts, the next fundraising event will be an event for Her Campus to celebrate International Women's Day on Monday, March 7th, 2022 from 11am-1pm.

SPECIAL THANK YOU

**TO ALL THE CLU
STUDENTS WHO
DONATED
TOWARDS MILK
FOR DAISY AND
ALL THE NEW
ADMITS!**

BLESSINGS & THANK YOUS

THANK YOU
**LOWVELD HIGH
SCHOOL**

Just before Christmas the Lowveld High School held a talent contest and concert to raise money for the rhinos. Proceeds from the two events came to an amazing R10,000 and was donated to Care for Wild for the ongoing care and protection of the orphans. Thank you so much to these amazing students and teachers.

This Christmas was non-existent at Care for Wild. The team were so busy with the new arrivals that many did not get to go home and see their families. Thanks to the generosity of Shikar and Firishta, we were able to give desperately needed school supplies to all of the staff's children as a way of acknowledging their commitment and dedication. An incredible donation that meant the world to our team. Thank you so much.

THANK YOU
**SHIKAR RAMBIRITCH
& FIRISHTA PARSOO**

THANK YOU
**SOUTH LAKES
SAFARI ZOO**

We would like to say a very big thank you to South Lakes Safari Zoo for their recent fundraiser 'Doin It for Daisy'! The Safari Zoo offered free entry for all adults who donated a minimum of £5 to the fundraiser and free entry for children. They made over £5000 which is absolutely incredible and will go a long way in helping support the costs involved with caring for Daisy. Despite being so far away, thank you for supporting us.

THANK YOU
**VERONICA
ROSSETTO**

Veronica volunteered at Care for Wild towards the end of last year. She gave her heart, hands and soul to the rhinos and the people that she worked with.

After her placement was over, she realised that she left a piece of her heart in Africa and wanted to continue to help support in her own unique way. Veronica created a fundraiser to purchase bikes for the staff to enable them to move around the sanctuary and travel to work more easily.

One recipient of this generosity was Kudu! Kudu plays an incredibly important role here at the sanctuary. He is responsible for managing the water supply and he travels a great many kilometres each day on his old bike.

He was so excited to be presented with a brand new bike that he hasn't stopped smiling since! If you pass him along the road he is still smiling proudly!

**THANK YOU
BEN TURNBULL**

It always fills our hearts with such joy and hope when children make a stand for rhinos because it represents so much more; hope for the future. South African youngster, Ben Turnbull is passionate about wildlife and in particular, saving rhinos. He decided to organise a bikeathon at his school which raised R5000 and then asked for money for his Birthday instead of gifts, which raised another R3000! Thank you so much Ben, you are our hero!

**IN LOVING MEMORY OF
ANDY BODEN**

As we approach the one year anniversary of his passing, we would like to make a dedication and tribute to a dear friend and rhino warrior, Andy Boden.

As the CEO of ER24, Andy dedicated his life to saving others and his kind heart reached even further to that of the plight of the rhinos.

Over the years, his support has been invaluable to our cause. Always finding a new way to help and support our work and save the lives of these rhino orphans.

Andy's passion and spirit lives on in his family and friends who at the end of last year, organised a series of bike rides to raise funds for Care for Wild.

Thank you so much Andy for opening your heart to us and the rhinos.

THANK YOU
